

New Frontiers in Basic Cardiovascular Research: France – New EU Members

May 25 - 27, 2022
Bratislava, Slovakia

SECOND ANNOUNCEMENT & CALL FOR ABSTRACTS

Organizers

Institute for Heart Research, Centre of Experimental Medicine
Slovak Academy of Sciences

Under the auspices of the:
Slovak Physiological Society
Slovak Society for Biochemistry and Molecular Biology

The project is co-financed by the Governments of Czechia, Hungary, Poland and Slovakia through Visegrad Grants from International Visegrad Fund. The mission of the fund is to advance ideas for sustainable regional cooperation in Central Europe.

Institute for Heart Research, Centre of Experimental Medicine, Slovak Academy of Sciences
Dubravská cesta 9, 841 04 Bratislava, Slovakia

Dear Colleagues, Dear Friends,

We are pleased to inform you on the progress in the organization of the “**New Frontiers in Basic Cardiovascular Research: France – New EU Members**” which will be held in Bratislava, Slovakia, on **May 25-27, 2022**.

The meeting will be organized by the Institute for Heart Research, Centre of Experimental Medicine of the Slovak Academy of Sciences in collaboration with other institutions in Slovakia and our partners in France and in the V4 countries: Czech Republic, Hungary and Poland.

We are very happy that actual COVID-19 situation enables organization of the meeting on site, thus we are pleased to announce a “face to face” meeting that will take place in hotel Saffron in Bratislava.

Scientific topics will include

- **Pathophysiology of cardiovascular disease (CVD)**
- **Risk factors and comorbidities: age, sex, and metabolic factors in CVD**
- **Hypertension, remodeling, hypertrophy, ischemic heart disease, heart failure**
- **Cardiomyopathies**
- **Cardiac arrhythmias**
- **Sudden cardiac death, mechanisms of cell survival and death**
- **Endothelial dysfunction, vascular physiology and pathophysiology**
- **Myocardial adaptation, novel targets of cardioprotection**
- **Genetic aspects of CVD**
- **Extracellular vesicles and non-coding RNAs in CVD and cardioprotection**
- **Combination therapy, antioxidants, nutrients in management of CVD**

To continue more than 25 years-long tradition of the “Frontiers” meetings, the meeting will feature basic scientific and clinical sessions in the field of cardiovascular research, including lectures of invited keynote speakers and oral communications selected from the submitted abstracts. We will provide various opportunities for young investigators to discuss their latest results and to compete in both oral and poster sessions. We promise to prepare not only an attractive scientific program but also an enjoyable social program.

Updated information about the meeting will be available at <https://newfrontiers2022.sav.sk/>

Looking forward to see you in Slovakia,
With the best greetings,

On behalf of the Organizing Committee

Monika Barteková
Chair
